| ALL ABOUT US CPA

A Certified Public Accountant is the highest standard of competence in the field of Accountancy, as stated by AICPA - the world's largest accounting body. The US CPA education deals with the knowledge of US GAAP, IFRS, GAAS, and US Federal Taxation & Business Laws.

This gives a great advantage to a CPA when working with a US-based financial firm or at Indian firms that work for US clients. The US CPA consists of four parts:

- Auditing and Attestation
- Business Environment and Concepts
- Financial Accounting and Reporting
- Regulation

One must pass all the four within 18 months of his/her first examination earning a minimum score of 75 out of 100 in each of the parts.

| AFTER CPA

Here are some of the top career choices that you can do after the completion of your US CPA course:

- Assurance Services
- Forensic Accounting
- International Accounting
- Internal & External Auditing
- Tax & Financial Planning
- Consulting Services

CPAs are the most sought-after professionals at the MNCs in India. With global recognition, a CPA can always find the best place to work anywhere with a salary of about 40-50% more than other Accounting professionals.

US CPA exam to be held in India from Jan 2021

TNN | Dec 17, 2020, 04:33 AM IST

HYDERABAD: Come January 2021, the US certified public accountants (CPA) examination will be held at eight centers across India, paving way for chartered accountancy aspirants to be able to practice in India as well as the US.

Earlier, students had to travel to either the US or the Middle East to appear for CPA. In June and September this year, the National Association of State Boards of Accountancy (NASBA), the US nodal body that conducts the examination, conducted the examination as a pilot test in India. Following the popularity of the examination among Indian candidates, the American Institute of Certified Public Accountants and NASBA decided to conduct CPA on a regular basis in India.

Currently, close to 2,500 candidates write the CPA annually. However, with the NASBA deciding to conduct the examination in India, the move is likely to double the number of candidates that would appear for this exam.

"Now that the exam is going to be held in India, we will certainly save a lot of money that is spent on visa, travel, accommodation in foreign country, etc. Not just that, it gives us more time to prepare for the examination," said Shriya Aradhyula, an aspirant.

Considering the rise in number of US-based companies outsourcing their finance, accounting and audits to India, the CPA qualification gives an edge to those who are keen to pursue a career in this field.

"After clearing bachelors in commerce, I was not keen to pursue masters in business administration. My stint with Deloitte exposed me to the US practices of finance. Following this, I decided to pursue CPA which only elevated my career," said Raghav Padmanabhan, who is currently working as an associate with JP Morgan.

Experts said that the exam will give candidates an edge over others. "With several US-based companies outsourcing their finance and auditing to India, there is a huge scope for CPA qualified candidates. CPA qualified candidates would have an edge over other candidates in US-based MNCs operating in India. CPA standalone is a great opportunity for BCom, BBA students who are having the interest to explore in US GAAP, US tax and can secure immediate placement in US-based MNCs," said Sripel Jain, co-founder, Simandhar Education.

CPA EVALUATION TIE UP WITH THE FACS

FACS USA is proud to partner with Simandhar Education to offer CPA advisory evaluations to their students. Simandhar is one of the most trusted and largest CPA training institutes for international candidates. The institute had also trained students to achieve the Elijah Watt Sells award (normally given to one who scores above 95.5 in CPA exams) and had students achieve it last year. Simandhar Education is tied up with all Big 4s, US-Based MNCs, and is an exclusive training partner in big accounting firms like EY, BDO, and Eisner Amper. For CPA training, Simandhar has recently tied up with India's second-largest IT company Infosys to provide joint internships certificate co-branded for providing internships to US CPA candidates in an exclusive partnership.
